To Whom It May Concern:

The purpose of this letter is to commend the job performance of Justin B. Wright as an educator and staff member for youth programs.

Justin performed the duties of Academic Coach for the 21st CCLC during the 2002-2003 school year at Hood Canal School.

Justin was able to utilize his experience working with youth to assist at-risk and low income students in completing their assigned homework and gaining mastery in academic core subject areas including math, spelling, grammar and social studies.

As a member of our team, Justin was always on time and available. He is professional and flexible. His unique sense of style and creativity make him a favorite with students and administration.

Justin also provided computer and technical program development to advanced students who are interested in media and visual arts. Justin and his wife took personal time to lead a field trip of the TCTV television studio and go over the production process of his television show with our students.

I would recommend Justin as a vital member of any educational, technical or collaborative team.
